CUSTOMER GUIDE

How GrantVerify helps your business win grants

Find the grant. Write the proposal. Get it verified. A complete walkthrough for small business owners, startups and nonprofits.

THE PROBLEM

Grant money is out there. Finding it shouldn't be a full-time job.

Federal, state, county and city programs are spread across hundreds of websites, each with its own rules, deadlines and paperwork. Most owners give up after broken links, hidden portals and 40-page PDFs — or pay a consultant thousands of dollars to do it for them.

WHAT GRANTVERIFY DOES

One place to find, prepare and submit with confidence

Find

Live federal grants from Grants.gov and SBIR.gov, plus AI-researched state, county and city programs matched to your business.

Map

Every requirement, document and deadline laid out step by step, with a Readiness Score that shows how prepared you are.

Write

AI drafts a full, funder-ready proposal and budget from your business profile — you edit, save and download.

Verify

Optional flat-fee review by a certified grant editor, local CPA or business attorney before you submit.

WHO IT'S FOR

- Small business owners and startups looking for non-dilutive funding
- Nonprofits and community organizations applying for public programs
- Founders who need state licensing and permit steps for their industry
- Spanish-speaking owners — the whole app is available in English and Spanish

STEP BY STEP

How it works

01 **Create your free account**

Sign up with email or Google in under a minute. Answer a few questions about your business: location, industry, entity type and size.

02 **Get your free eligibility check**

In about 3 minutes GrantVerify scores live federal grants and researches state, county and city programs, then ranks the ones you're most likely to qualify for.

03 **See every step and requirement**

Open any grant to see its roadmap: who's eligible, required documents, registrations (like SAM.gov), deadlines and award amounts. Your Readiness Score shows what's still missing.

04 **Organize your documents and deadlines**

Upload tax returns, financials and licenses to your secure Document Vault. The Compliance Calendar and email or text reminders make sure you never miss a deadline.

05 **Write the proposal with AI**

Proposal Writer drafts all 11 sections funders expect — needs statement, goals, timeline, evaluation and more — plus a budget from the AI Budget Forecaster.

06 **Get it verified (optional)**

Send your draft to a certified human editor for a line-by-line compliance review, or book a CPA budget sign-off or attorney entity review — all flat fee, no hourly billing.

07 **Submit and keep winning**

Download your final package, submit through the agency's portal, and let Smart-Match alerts notify you when new grants that fit your business open.

EVERYTHING INCLUDED

Tools that do the heavy lifting

Grant Search
Federal (Grants.gov, SBIR/STTR) plus state, county and city programs, with AI match scoring.

Step-by-Step Roadmaps
Eligibility, documents, registrations and deadlines mapped for each grant and your industry.

Readiness Score
A clear score and checklist showing exactly what to finish before you apply.

AI Proposal Writer
Full 11-section, funder-ready drafts you can edit, save and download.

AI Budget Forecaster
Builds a realistic project budget and exports it to PDF.

Compliance Blueprint
A PDF blueprint and financial breakdown of every obligation that comes with an award.

State Licensing Guide
Licensing, permits and registrations for all 50 states + DC, with industry checklists.

Document Vault
Secure storage for the files every application asks for, ready to reuse.

Compliance Calendar
Deadlines and reporting dates in one calendar, with email and text reminders.

Smart-Match Alerts
Get notified when a new grant matches your saved searches and profile.

Team Workspaces
Invite partners, staff or your bookkeeper to work on applications together.

Alternative Capital Matchmaker
When a grant isn't the right fit, see other funding options to explore.

Not sure where to start? Every screen has a guided video tour, and you can switch to Spanish at any time.

HUMAN REVIEW

Real experts, flat fees

AI gets you a strong first draft fast. Before you submit, you can add a credentialed professional from the GrantVerify Pro-Network. Every review is a flat fee — no hourly billing, no surprises.

Review	What you get	Price

Plans renew monthly and you can cancel any time from your Billing page. Payments are processed securely by Stripe.

QUESTIONS

Frequently asked questions

Is grant search really free?

Yes. Searching live federal grants, researching state, county and city programs, and viewing step-by-step roadmaps are free with an account.

Do you guarantee I'll get funded?

No one can. Funding decisions are made by the agencies. GrantVerify helps you find the right programs and submit the strongest, most complete application possible.

Where does the grant information come from?

Federal listings come live from Grants.gov and SBIR.gov. State, county and city programs are researched with AI, so always confirm details with the issuing agency before you apply.

Is my information secure?

Your documents are stored in a private vault that only you and the teammates you invite can see. We never sell your data.

Can I use it in Spanish?

Yes. Switch the whole app, including guided tours, to Spanish with one click.

Do I have to submit through GrantVerify?

No. You submit directly to the agency. GrantVerify prepares and organizes everything so submitting is quick.
